

Belle Trough Tracker

Belle Banne Conveyor Products is proud to present the new Belle Trough Tracker. A self aligning conveyor belt tracking system.

BENEFITS

- Maintenance free.
- No wearing parts.
- Durable rubber surface.
- Suitable for reversing operation, ideal for retrofitting.
- Ease of installation.
- Compact Dimensions.
- Suitable for all environmental conditions.

In conveyor belt systems, a variety of different reasons often leads to unforeseen mistracking of the belt, resulting in a complete shutdown of the plant or damage of the conveyor belt and to other component parts. BBCP now offers the Belle Trough Tracker roller system for all belt widths and belt speeds of up to 6 m/s, for the return belt as well as for the troughed carrying side of the conveyor belt.

FEATURES

- Immediate results.
- Compatible with reversing belts.
- Compatible with vulcanized belts or mechanical fasteners.
- Corrects belt mis-tracking up to 20 meters pre and post installation.
- Comes pre-assembled.
- Works well with belts with edge damage.
