

I would like to share with you several organizational changes that have taken place in the past several months at Belle Banne Conveyor Products.

After 5 years, Matt Mayers has resigned his position with Belle Banne Conveyor Products and completed his service on June 30th, 2014.

Matt has decided to pursue a new venture, utilising his 20 years' experience in Materials Handling to establish Maptsoft Australia. We would like to thank Matt for his tireless service and wish him all the best with his new venture. Matt's mobile contact number is 0400454162 for those that would like to stay in contact with him.

I am pleased to welcome Matt's replacement to the Belle Banne team. Daniel Weekes has taken on the role of Managing Director, beginning on the 1st August 2014.

Daniel joins the team with 11 years' experience in the Materials Handling industry. Daniel has an Honours degree in Mechanical Engineering and brings with him extensive industry experience and knowledge.

Please feel free to contact either Daniel or myself at any time with any questions thoughts and queries that you might have. We at Belle Banne Conveyor Products thanks you for your support, and look forward to working with you in the future.

Regards

Rory Summerford  
Business Development Manager
